PRINCIPAL'S STATMENT

2

السلام عليكم ورحمة الله وبركاته

We glorify Allah (Subhaanahu Wa Ta'ala) and send blessings and salutations of peace upon Rasulullah (Sallallahu Alaihi Wasallam.)

Jamiatul Uloom Al Islamia's vision dictates our endeavours and is summarised by our school motto: *Empowering today's youth for tomorrow*. This ideology permeates throughout our school, as we strive to establish this by educating our children with in-depth academic and Islamic education.

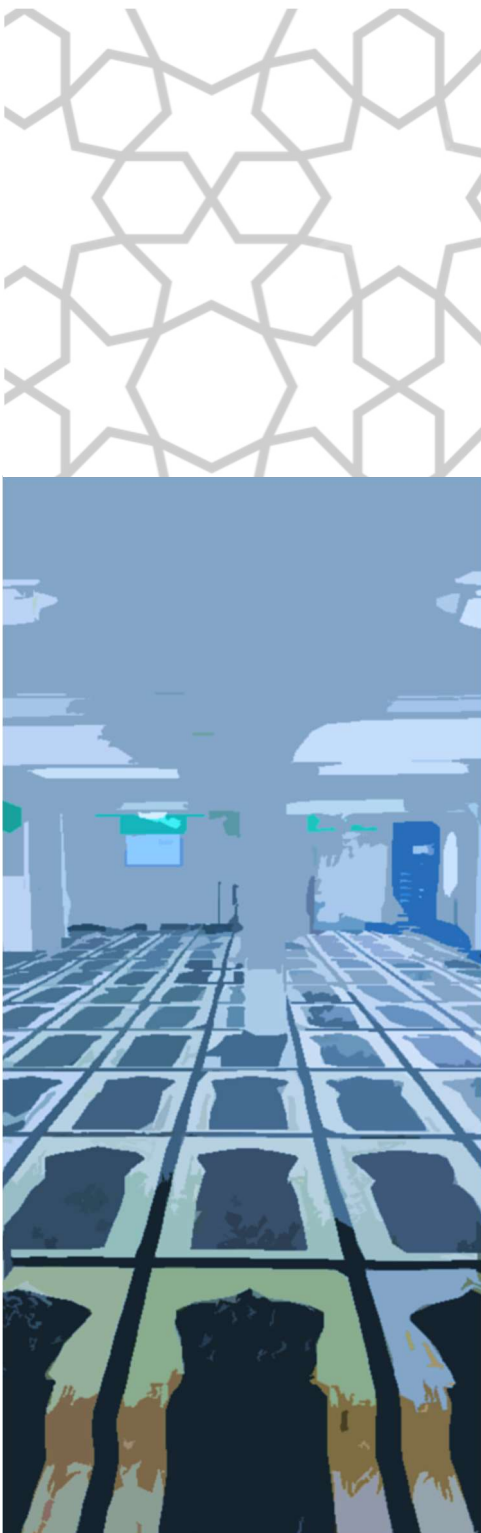

The provision of quality education, coupled with nurturing a good upbringing, are the foundations of Jamiatul Uloom Al Islamia. Our aim is to provide our students with sound academic learning, sacred Islamic knowledge and to bestow them with life skills, in order that they can become positive contributors to British society and the world.

Independent thought, theological resilience, a deep rooted belonging to Islam and an unwavering love for Allah (Subhaanahu Wa Ta'ala) and His beloved Prophet, Rasoolullah (Sallallaahu Alaihi Wasallam), are the core components we aim to empower our students with. We aim to cultivate a harmonious yet competitive culture in our supportive and goal-orientated environment.

In closing, we pray that Allah (Subhaanahu Wa Ta'ala) continues to shower His immense and eternal blessings on us; that He empowers us with the ability to strengthen our endeavours, that He grants us sincerity and steadfastness in our actions and that He accepts all of our exertions in upholding His Deen.

Shaikh Mufti Muhammad Sadek Sahab
Late Principal of Jamiatul Uloom Al Islamia

رحمة الله

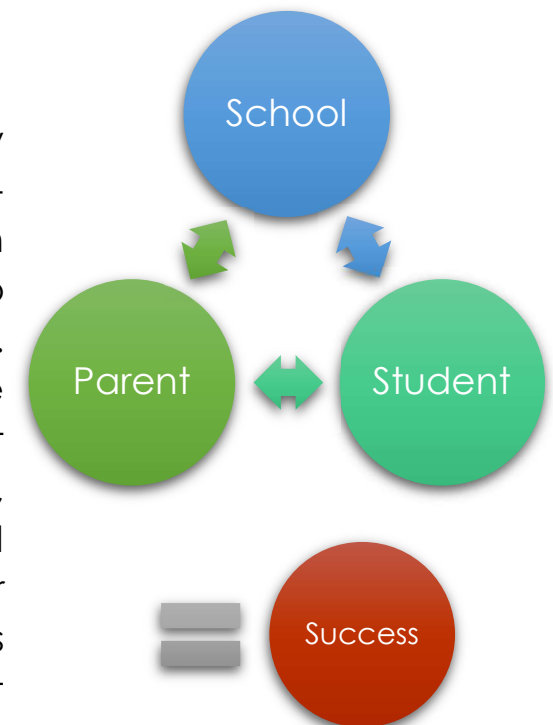

MISSION & OBJECTIVES

- Retain the ideology of Islamic culture and civilisation
- Implement the Aqaaid of Tawheed, Risalat, Akhirah and Khatme-Nabuwwat.
- Learn and promote the noble teachings of the Blessed Quran and Sunnah of Rasoolullah *Sallallaahu Alaihi Wasallaam*.
- Provide the highest standard of academic and Islamic education with emphasis on spiritual and moral development based on Islamic teachings and doctrines, in order for our school community to be exemplary upright British citizens.
- Create each individual as a means of guidance for mankind, upholding British values and demonstrating tolerance and understanding towards all.

COMMUNICATION BETWEEN SCHOOL AND PARENTS

A child's success or failure in education is not solely dependent on school-based factors. Rather, home-based and social-based factors play significant roles in the achievements of the child. We want our students to become the best Muslim citizens in the journey ahead. To achieve this, three key mechanisms; the parents/guardians, the school and the student, must share the same goals and work cohesively. At Jamia, we will do our utmost to ensure students learn and progress and urge parents/guardians to keep regular contact with the school and monitor their child's progression. To achieve this, Jamia will arrange frequent Parental Consultation events and Parents Evenings.
